ANNUAL SECURITY AND FIRE SAFETY REPORT

The 2016 Annual Security and Fire Safety Report (ASR) has been published. Southern Illinois University Carbondale (SIU) prepares the ASR in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and the State of Illinois Campus Security Enhancement Act (Clery Act). The Clery Act requires colleges and universities that receive federal financial assistance to:

1. Publish an annual security and fire safety report;
2. Disclose crime statistics for the past 3 years;
3. Provide timely warning and emergency notifications upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus;
4. Disclose missing student notification procedures for residents living on campus;
5. Provide a 60 day crime and fire log; and
6. Submit collected crime and fire statistics to the U.S. Department of Education.

The full text of the ASR is available on the Safety and Awareness Facts and Education (SAFE) website. For the full report, click [here](#).

Auto Burglary Prevention

Thefts from vehicles occur at all hours and generally have one thing in common: something to steal or something valuable left in the car. Many auto-burglaries are crimes of opportunity; they could be avoided with simple preventative steps been taken. Auto-burglary prevention involves limiting the criminal's ability and/or opportunity to commit the crime. With very little time and effort, you can help prevent burglaries by following the below tips:

- ⇒ Don't leave valuables in your car or keep valuables out of sight.
- ⇒ Lock your car, roll up windows
- ⇒ Park in busy, well-lit areas
- ⇒ Set alarms or anti-theft devices

Saluki Patrol will meet the person requesting the walk at the designated start location and time.

Help Prevent Traffic Crashes

The Southern Illinois University Department of Public Safety employees have responded to multiple traffic crashes on campus this year. Those involved in the traffic crashes have consisted of vehicles, pedestrians, and bicyclists. In an effort to prevent further traffic crashes, DPS has positioned a message trailer on campus, alerting drivers to problem crosswalk areas. In addition, there are multiple cameras covering crosswalk locations. While there are a number of crosswalk signs marked on campus, there are other prevention tips for drivers, pedestrians, and bicyclists to utilize to help prevent these traffic crashes from occurring.

- ⇒ Drive the posted speed limit
- ⇒ Avoid the use of a cell phone, whether driving or walking
- ⇒ While pedestrians have the right-of-way, bicycles and pedestrians have the responsibility to ensure that it is safe to cross the street prior to entering the crosswalk

Due to the number of traffic crashes, citations will be issued to the at-fault party involved in a traffic crash. Pay attention, and help make campus a safer place!
