The following information are tips to avoid theft and increase personal safety. If you have been a victim of theft or any crime please contact the SIU Police immediately at (618) 453-3771 to make a report. Commonly stolen items are cell phones, tablets, computers, gaming systems, textbooks, credit cards, and wallets.

REMEMBER...

DO NOT prop open the door to your room.

DO NOT let strangers enter the residence hall.

If someone knocks on your door, find out who it is before you answer.

LOCK your door when you leave, are asleep, alone even if is only for a few minutes.

Keep the bathroom door closed and locked in suite style residence halls.

LOCK your windows and keep your curtains or blinds closed.

NEVER give out a neighbor’s personal information.

DO NOT leave messages on your door concerning your whereabouts.

DO NOT attach your name or address to your keys. Keep your room keys separate from your car keys.

Report any lost or stolen items IMMEDIATELY.

DO NOT leave property unattended.

Mark your valuables with a number or identification unique to you using an engraving pen.

Record the SERIAL NUMBERS of your property and retain the list in a safe place. Use this form to record this information.

Open a savings, checking, or Debit Dawg account instead of keeping cash in your room.

Keep your credit cards, bills, receipts, checkbooks, and important documents and numbers out of sight and secure.
Identity Theft—Don’t Be a Victim

Identity Theft continues to be one of the fastest growing crimes in the United States. Identity Theft occurs when someone steals your personal information and uses it without your permission. It’s a serious crime that can affect your finances, credit history, and reputation. Restoring your identity can take time, money, and patience to resolve. This site provides information about Identity Theft, ways to guard against Identity Theft, and what to do if you become a victim of Identity Theft.

IT CAN HAPPEN TO YOU!

WHAT DO THEY STEAL?
- Name
- Address
- Date of Birth
- Social Security Number
- Driver’s License Number
- Bank Account Numbers
- Credit Card Numbers
- Passwords
- Cell Phones

HOW DO THEY GET IT?
- Purses or wallets
- Go through your mail
- Go through your garbage
- Buy or steal information from stores, restaurants, hotels, or banks
- Insecure internet sites
- Scam phone calls or emails

WHAT DO THEY DO WITH IT?
- Open new bank accounts or credit cards in your name
- Charge purchases to your credit line
- Obtain loans: personal, auto, home, etc.
- Change mailing addresses for existing accounts and use them without your knowledge

EMPTY YOUR BANK ACCOUNT AND RUIN YOUR CREDIT

Safety, Awareness, Facts and Education

The S.A.F.E website was created as a resource for students, faculty, staff and visitors that contains information about campus resources, crime reporting, crime prevention, and safety. The SIU Campus Crime Report, Clery and Violence Against Women Act reporting is also available on this website. Additional information is available on the university reporting structure for incidents related to sexual violence, domestic and dating violence, stalking and sexual harassment.

Can You Tell Which One Of These Bicycles Is A Bait Bike?

In an effort to stop bicycle theft from occurring on the campus of SIU, the Department of Public Safety started the Bait Bike program in 2016 and continues this program to this day. Officers place and monitor “bait bikes” around campus. These bikes are connected to the department via technology that is monitored at all times. Those caught taking a bicycle that does not belong to them may face criminal prosecution and be held accountable under the student conduct code.

Follow these tips to avoid becoming a victim of Bike Theft:

♦ Register your bike
♦ Get a lock (or two)
♦ Use a U or D-type bike lock
♦ Do not use cable locks
♦ Lock your bike to bike rack

Newsletter ideas or topics
If you have a topic or idea you would like us to consider for a future newsletter please email the idea to Sgt. Allan Willmore at allanw@dps.siu.edu. Questions submitted may also be featured in future newsletters. The person submitting the question will not be identified.
Managing Stress Associated with the COVID-19 Outbreak

The COVID-19 (coronavirus) outbreak has the potential to increase stress and anxiety, both because of the fear of catching the virus and also because of uncertainty about how the outbreak will affect us socially and economically. There are practical steps you can take to improve your wellbeing.

Dealing with stress reactions caused by the COVID-19 virus outbreak can improve your health, quality of life, and wellbeing. The following evidence-informed principles have been shown to be related to better outcomes in many adverse situations. There are key actions within each element that might be especially helpful for those affected by the COVID-19 outbreak. It's not necessary to have all elements in place but implementing some of the following suggestions may help you deal with the stress caused by the COVID-19 virus.

Reduce anxiety with healthy actions that make you feel safer. The Centers for Disease Control and Prevention (CDC) and other experts suggest the following good hygiene habits to limit the risk of infection:

- Wash hands frequently with soap and water for at least 20 seconds or use an alcohol-based hand sanitizer.
- Cover your mouth and nose with a tissue when you cough or sneeze.
- Properly dispose of used tissues.
- Cough or sneeze into your upper sleeve, arm, or elbow if you don't have a tissue.
- Clean your hands after coughing or sneezing.
- Stay at home if you are sick.
- Avoid contact with those who are sick.
- Clean and disinfect objects or surfaces that may have come into contact with germs.
- Make plans for what will happen if someone in the home becomes ill or if quarantine or shelter-in-place measures are ordered.
- Read more about prevention on the CDC website.
